RESPONSE TO THE EXAMINER'S ACTION DATED AUGUST 26, 2004

I. Status of claims

Claims 1-30 are pending.

II. Claim rejections

The Examiner has rejected claims 1-30 under 35 U.S.C. § 103(a) over Thomson (WO 00/13412) in view of Audible (WO 00/39730).

For the purpose of the following discussion, the Examiner is reminded that (emphasis added):

To establish a *prima facie* case of obviousness, three basic criteria must be met. First, there must be some suggestion or motivation, either in the references themselves or in the knowledge generally available to one of ordinary skill in the art, to modify the references or to combine reference teachings. Second, there must be a reasonable expectation of success. Finally, the prior art reference (or references when combined) must teach or suggest all the claim limitations. The teaching or suggestion to make the claimed combination and the reasonable expectation of success must both be found in the prior art, and not on applicants' disclosure.
